

3. PREPARING FOR THE FAIR

Grouping: 

WORKSHEET 1

Put together a travel guide using what you have learnt about Linne's travels. It will be presented at the fair. Your group will use the following link when planning your presentation for the fair:

<http://www.smartschools.ph/SmartSchools/SmartTools/PreparingForScienceFair.htm>.

Decide what kind of presentation you will give, how you will work as a group and how you will divide the work. When you have decided, you report this to one of your teachers.

The fair will be held during week five of the working period and there will be one presentation during daytime for compulsory school, year 4-6, and one in the evening for family and friends.
